Why ALLUNY?

Services Offered

ALLUNY.org serves as the main hub for posting information from job opportunities to events to member news. While the blog portion is open to the public, the member directory is available exclusively for registered members to network and connect. Additionally, the listserv is the most popular means for members to receive news about the organization.

Events

Nearly all of our active members have attended either the Annual Meeting or the Spring Institute. While the professional education offerings are highly rated, 65% of members attend for the networking opportunities. Some members cited cost, accessibility, and staffing issues in their absence as the main factors for not attending.

***What factors influence your decision to attend events?
“Travel time and cost are the biggest factors”***

Volunteer

Have you joined a committee yet? Two-thirds of respondents have served in a key role within ALLUNY, but one-third have not yet volunteered.

How Can We Improve?

The main suggestions were adding more local meet-ups and more networking opportunities. Contact the Continuing Education Chair to arrange an event in your city!

What's Next?

Elections

After several years of dormancy, ALLUNY is emerging from COVID with a fresh start. With a new slate of volunteers, elections will be held a little early this year to get a head start on planning for the year ahead. Ballots will be available in April and officers will be announced at the end of the Spring Meeting on May 12.

Membership Renewals

Only members can vote in the elections and access member services. Be sure to get your applications back to the Membership Chair before the Spring Meeting to stay in good standing.
